

Senior Mechanical Draftsperson (REVIT MEP)

Leading Engineering Consultancy

Diverse range of projects

Enjoy coming to work each day!

We are seeking an experienced Senior Mechanical Draftsperson/Modeller to further strengthen our busy building services drafting team.

In this position you will need the ability to work cohesively with engineers and other senior draftspeople to deliver project documentation with regard to budget, systems and accuracy.

To be considered for the position we require you have the following:

- You **must** be highly proficient in Revit MEP software
- Minimum of 7 years' mechanical drafting experience, preferably within an engineering consultancy
- At least 3 years mechanical HVAC design experience
- A recognized related drafting qualification
- The ability to work closely with Mechanical Engineers to produce clear and accurate drawings in the most efficient and consistent manner possible, clearly showing the design intent as instructed by the engineer
- The ability to multi-task, prioritise your workload and work to deadlines
- Excellent written and verbal communication skills

The successful candidate will be offered a competitive salary package and access to our numerous staff benefits. We offer a relaxed and friendly company culture, and an ongoing commitment to professional development.

Please send your CV and a covering letter to hr@irwinconsult.com.au

Please note that only those eligible to work in Australia should apply.

Irwinconsult is an EEO employer.
